3. DISTANCE-RELATED TOLLS (TOLLING REGULATIONS PART B AND PART C)

3.1. GO points of sale

3.1.1. GO-Box in the Post-Pay procedure

The following transactions can be carried out at GO points of sale using a **GO-Box in the Post-Pay procedure**:

- Payment of the processing fee (when registering for the GO toll system for the first time and collecting a GO-Box, item 3.4.1.3)
- Subsequent payment of the toll (item 3.4.4)
- Change from the Pre-Pay procedure to the Post-Pay procedure
- Change of payment method
- Pay reimbursement of costs when exchanging the GO-Box (item 3.4.2)

Participation in the Post-Pay procedure is only established when the GO-Box is provided by ASFINAG and the processing fee for system access is paid using the means of payment presented by the customer.

3.1.2. GO-Box in the Pre-Pay procedure

The following transactions can be carried out at GO points of sale using a **GO-Box in the Pre-Pay procedure**:

- Payment of the processing fee (when registering for the GO toll system for the first time and collecting a GO-Box, item 3.4.1.3)
- Subsequent payment of the toll (item 3.4.4)
- Change from the Post-Pay procedure to the Pre-Pay procedure
- Top up GO-Box
- Pay reimbursement of costs when exchanging the GO-Box (item 3.4.2)

3.1.3. LSVa-on-board units

With an **LSVA on-board unit**, no transactions can take place at GO points of sale.

3.1.4. TOLL2GO-on-board units

With a **TOLL2GO on-board unit**, the following transactions can take place at GO points of sale:

- Retroactive payment of the toll (item 3.4.4)
- Change of payment method
- Pay reimbursement of costs in case a GO-Box is not returned

3.1.5. EETS-on-board units

With an **EETS on-board unit**, the following transactions can take place at GO points of sale:

- Retroactive payment of the toll (item 3.4.4)

3.1.6. Accepted payment methods

The following means of payment are accepted at GO points of sale for the transactions described above for each on-board unit (marked OK):

The following means of payment are accepted by the ASFINAG Service Center (additional payment by telephone) and in the SelfCare-Portal (<https://www.go-maut.at/selfcare-portal>) (marked OK).

3.2.1. Acceptance in connection with GO-Boxes

The following transactions can be carried out via the ASFINAG Service Center and in the SelfCare portal when using GO-Boxes:

- A **GO-Box** for the post-pay procedure can only be **ordered** in the SelfCare portal.
- The **means of payment** can be **changed** in writing and by telephone via the ASFINAG Service Center or in the SelfCare portal.
- A **central retroactive payment of the toll** is possible by telephone via the ASFINAG Service Center or in the SelfCare portal.

In the **SelfCare portal**, payment can be made either via a card number to be entered by the customer or via the means of payment saved for the post-pay procedure as follows:

When using TOLL2GO-on-board units, the following transactions can be carried out via the ASFINAG Service Center and in the SelfCare portal (<https://www.go-maut.at/selfcare-portal>):

- The application to **use a TOLL2GO on-board unit** from the German toll system in Austria is only accepted via the online form in the SelfCare portal.
- The **means of payment** can be **changed** in writing and by telephone via the ASFINAG Service Center or in the SelfCare portal.
- A **central retroactive payment of the toll** is possible by telephone via the ASFINAG Service Center or in the SelfCare portal.

Payment in the SelfCare portal can be made either via a card number to be entered by the customer or via the means of payment saved for the Post-Pay procedure.

3.2.4. Acceptance in connection with the EETS service

A **contract** in connection with the EETS service can only be **concluded** via EETS providers that offer **on-board unit types approved** for tolling in Austria.

The **retroactive payment of the toll** is only possible with a means of payment accepted in the GO toll system either at a GO point of sale (item 3.1.5 and 3.1.6) or in the SelfCare portal (<https://www.go-maut.at/selfcare-portal>) (item 3.2.1).

Payment via the EETS service is not possible.

3.4. Special topics for payment of distance-related tolls

3.4.1. Special topics for payments by post-pay procedure

3.4.1.1. Payment with debit and credit cards

All American Express and Diners Club cards are accepted in the Post-Pay procedure, regardless of the country of issue.

Only Mastercard and VISA cards whose card number begins as follows are accepted in the Post-Pay procedure:

Mastercard	VISA
5100 54	4003 02
5266 xx	4103 64
5329 53	4103 66

	4600 90
	4665 55
	4904 73
	4904 74
	4985 37

This largely corresponds to Mastercard and VISA cards issued in Austria.

The limited acceptance of Mastercard and VISA cards is based on the lack of payment guarantees from the international card issuers to ASFINAG.

3.4.1.2. Payment with fuel cards

Issuers of fuel cards must provide ASFINAG with a payment guarantee and accordingly reserve the right to decide which of their customers are authorised for the Post-Pay procedure.

The approved customers (card numbers) are placed on a so-called "white list". While some fuel card issuers give all valid cards a blanket approval for the post-pay procedure and automatically place them on the white list, other fuel card issuers only approve the individual customers (card numbers) after an individual credit check. Requests in this regard must be addressed to the respective fuel card issuer.

If the cards of a fuel card issuer are approved as a means of payment in the post-pay procedure, this generally applies to all valid, unblocked cards.

In exceptional cases, fuel card issuers have agreed specific rules with ASFINAG that prevent payment despite a valid card.

Cards can be rejected for the following reasons:

- Cards that have only been issued for use in a specific country and are not authorised by the fuel card issuer for payment of the toll in Austria
- Cards that are already used as a means of payment at another GO-Box (item 3.4.3)
- Amounts that exceed an amount limit set by the fuel card issuer

The cardholder can find out the exact conditions directly from the fuel card issuer.

3.4.1.3. Written order for on-board units using the Post-Pay procedure

ASFINAG accepts written orders for GO-Boxes using the Post-Pay procedure or applications for the use of an on-board unit from the Swiss LSVA system, whereby the desired payment method or means of payment must be specified together with other information in the order or application.

The written order for a GO-Box for which payment is to be made via a fuel card must always be sent to the card company, which then transmits the order to ASFINAG.

The written request for the use of an on-board unit from the Swiss LSVA system must be sent directly to ASFINAG, regardless of the means of payment used (forms available at <https://www.go-maut.at/downloads>).

3.4.1.4. Blocking GO-Boxes or other authorised on-board units for the Post-Pay procedure

If a means of payment is no longer authorised by the means of payment issuer for further billing, ASFINAG will disable the GO-Box or the authorised on-board unit.

With a disabled GO-Box or a disabled authorised on-board unit, further use of the road network subject to tolls is no longer permitted and no toll transactions or debits will take place (Tolling regulations Part B, item 10). This is signalled to the driver acoustically (4 short beeps).

The driver must re-enable their GO-Box or authorised on-board unit at the nearest GO point of sale as follows:

- Provide a valid means of payment

- Retroactive payment of the toll that has not been paid since the disabling (in accordance with the conditions of item 7 of the Tolling Regulations Part B), otherwise they fulfil the offence of toll evasion (see Tolling Regulations Part B, item 10).

3.4.1.5. Direct settlement of the GO toll with ASFINAG via GO Direkt

GO Direkt is the direct billing of the GO toll via a Post-Pay procedure with ASFINAG. Customers receive their invoice directly from ASFINAG and also pay the GO toll directly to ASFINAG.

Since 1 July 2009, ASFINAG has been entitled to grant GO Direkt customers an annual acquisition and retention bonus amounting to 0.3% of the toll fees for charging infrastructure costs invoiced directly by ASFINAG in the last 12 months. This means that external costs arising from traffic-related air pollution, noise pollution or CO₂ emissions are not subject to the acquisition and retention bonus.

This completion and retention bonus is paid out once a year in arrears on the day the GO Direkt contract with ASFINAG is concluded. It is only granted if the GO Direkt customer's contractual relationship is still valid on the respective cut-off date and has also existed continuously during the billing period.

ASFINAG will take into account the completion and retention premium in the statement following the reference date, show it on the invoice and deduct it from the invoice amount.

3.4.2. Payment of reimbursement of costs for GO-Boxes

Any reimbursement of costs for GO-Boxes lost or damaged by the customer can be reimbursed at a GO point of sale (item 3.1) using a means of payment authorised for the Pre-Pay procedure.

The only exception is euroShell cards, which cannot be used to reimburse costs.

Any reimbursement of costs for a GO-Box with a Post-Pay contract can also be settled using the saved means of payment, provided this is not disabled for settlement. This means that it is not necessary to physically present an accepted means of payment at a GO point of sale.

ASFINAG will not reimburse any costs for other authorised on-board units.

3.4.3. Billed motor vehicles per card

When paying by debit or credit card, several motor vehicles (GO-Boxes) can be paid for with one card, regardless of the payment procedure (prepaid or postpaid procedure).

When paying with a fuel card, there are different regulations. With some fuel card issuers, a card may only be used for one motor vehicle, with others several motor vehicles can be billed using the same card.

The cardholder can find out the exact conditions directly from the fuel card issuer.

3.4.4. Retroactive payment of tolls at a GO point of sale

A retroactive payment of the toll can be made either as a retroactive payment or as a subsequent settlement of toll sections in accordance with item 7 of the Tolling Regulations Part B.

The retroactive payment can be made for all on-board units using the means of payment valid for the Pre-Pay procedure at the GO points of sale (item 3.1).

A retroactive payment of tolls as defined in item 7 of the Tolling Regulations Part B for a GO-Box with Post-Pay procedure or another authorised on-board unit can also be settled using the saved means of payment, provided this is not disabled for settlement. This means that it is not necessary to physically present an accepted means of payment at a GO point of sale.

3.4.5. Central retroactive payment of the toll via the SelfCare portal

If a category and/or toll rate group that is too low is used, the SelfCare portal provides the option of paying the underpaid toll retrospectively under the conditions specified in item 7.2 of the Tolling Regulations Part B.

3.4.6. Payment via the SelfCare portal

The options listed under item 3.2 of this Appendix are available for payment transactions via the SelfCare portal.

However, the listed payment options are only intended as non-binding information. If a payment method or means of payment is rejected despite being listed as an authorised payment option, this could be based on a regulation of the card issuer, such as an amount limit for this type of transaction. The cardholder can find out the exact regulations directly from their card issuer.
